Look, If you're reading this column, chances are you've been around the block. You grasp the home based business industry pretty well and you know that most people DO NOT succeed in it.

Why would The Reverse Funnel System be any different?

As you can tell, I'm not here to judge The Reverse Funnel System in fact it's a nice system but it's not the system that makes you money.

Yes. What positively makes a system operate is the person behind that and if you're participating with The Reverse Funnel System or looking to become a part of Ty Coughlin's team that person is YOU.

The fact of money making programs offline or online is this....

PEOPLE JOIN PEOPLE.

The merchandise, compensation plan, and benefits come second. The first thing people want to know before they join any business opportunity is "does this being know what they're talking about?".

They want to make sure that their upline is favorable, proficient, and they want to be 100% certain that you can propose value to them in some way shape or form.

Sure, systems make the process faster and they do make sales on their own but not all of the time. The Reality is the human part is needed and you need to be

a leader to your prospects if you're not you can way your dreams of long-term residual income "adios".

In closing, The Reverse Funnel System is a celebrated system in fact after comparing it side by side with all the others it takes the cake but if you are just in it for the bankroll good luck because it takes hard work and dedication to make any system work period.
