Article Body:

Incorporated as the 50th state in the United States of America on 21st August 1959, Hawaii is an archipelago of Hawaiian Islands lying in the central Pacific Ocean and is also known as the Aloha state. Hawaii is the southernmost part of the USA, lying 2500 miles from the mainland. They were known as the Sandwich Islands (named by the British explorer, Captain James Cook) and became U.S. territory in 1900. The Hawaii includes eight major islands - Kahoolawe, Lanai, Hawaii, Maui, Nihau, Oahu, Kauai and Molokai in addition to many islets. These islands were united under a ruler King Kamehameha the Great.

With its capital at Honolulu, Hawaiian and English languages are widely spoken. The biggest industry in the Hawaii is tourism, contributing to more than 75% of its economy. The main attraction of the Hawaiian islands are its coral beaches, cloud shrouded volcanic peaks, lush green vegetation contributing to its apt name "paradise of the Pacific" with palm trees in abundant sunshine dotting the beauty line.

A vacation to Hawaii can be truly memorable and highly cost saving if planned well in advance and with proper care. Hotels in Hawaii can be expensive and one could spend a fortune on them. There are other options that can provide a family or a group with better accommodation and good facilities if properly researched.
