Affiliates generally attract traffic either via paid search or Search Engine optimisation. Affiliates can also be search engine marketers who run pay-per-click campaigns in order to drive traffic and sales for an advertiser. Millions of affiliates send billions of visitors to tens of thousands of companies in return for a payment. Affiliates will continue to grow larger and more professional.

In a nutshell, publishers -- also known as affiliates -- display ads supplied by advertisers. However, it is also true that many affiliates do not earn big money online because they do not have a proven system to follow and thus unsuccessful in earning an income on the Internet.

No matter how you go about it, affiliate marketing is a proven, effective way to increase your traffic. If you own or want to start your own Internet Business, affiliate marketing is a must for your marketing strategy. Indeed, affiliate marketing is one of the easiest and most effective home business opportunities online today. In simple terms, affiliate marketing is a web-based marketing

practice in which a business rewards one or more affiliates for each visitor or customer brought about by the affiliate's marketing efforts.
