audio books, Online audio book rental service, free audio books, audio books on cd, books on tape

Article Body:

Did you know that A trucker working to the legal limit in the U.S. can rack up to 3,432 driving hours a year—nearly 10 times that of the average New York commuter or enough to listen to the unabridged audio book version of Bill Clinton's My Life 77 times? (Publishing Trends, Market Partners International, September 2005).

Think of the way audio books could optimize your time management. Audio books can turn the day to a 26 hours day. Yes, audio books can add extra two hours each day. Still not convinced?

Did you know that The average rush hour driver will spend an additional 62 hours stuck in traffic—at standstill—each year and that More than 97 million workers drive alone to work each day.

Well, enough with that pile of useless data, Think about yourself - what have you been doing while driving - Listening to the radio? Making unnecessary calls with your mobile phone? Wasting valuable time?

Now close your eyes and imagine you could read the last edition of the New York Times, Read the last Harry Potter book or learn Chinese - all simultaneously

while driving your car. Now open your eyes and stop dreaming, you can do it all now. The only difference is that you are going to use a new method of reading - listening to audio books.

And it is so easy: You may get audio books in different formats from books on tapes and audio books on CD to downloadable audio books. You can get it from different sources - libraries, book and music stores and online audio book sources. You could buy audio books, rent audio books and even get free audio books.

According to eBrain Market Research survey, 71% of the audio book listeners listen to them on long car trips.

Believe me; I couldn't wait getting into the heavy morning traffic listening to the audio book "IT" by Stephen king. In fact, I couldn't resist listening to it at home after work. I love audio books.
