**Article Body:**

When you first start learning to play the guitar you really want easy to learn guitar tunes to start with. Otherwise it is the equivalent of trying to understand German when you have only learnt the basic words.

By starting with easy to learn guitar tunes you are setting yourself up for a much quicker learning curve and you will find that you will pick up learning the guitar much quicker and easier than without using tunes or songs to base your guitar skills on.

How to find easy to learn guitar tunes?

There have been many books written on easy to learn guitar tunes, usually the book is written from a guitar teacher's point of view so you know you are getting great advice on how to pick and learn guitar tunes/songs.

Can I Just Learn Any Guitar Tune?

Yes you could start at any guitar tune and try to learn it, but why would you throw yourself in the deep end? You are much better trying to learn an easy guitar tune than starting off on a more advanced tune.

The entire purpose behind easy to learn guitar tunes is that they focus on the basics of learning guitar which ensures that not only are you having fun learning your guitar tunes but you are also building your core guitar skills at the same time.

This will eventually lead to you playing much better guitar and having a better

learning experience.

Also when trying to pick an easy to learn guitar tune it is usually best if you can listen to that tune as well as reading the sheet music. This lets you attack the songs from both angles.

1. You are learning the tune through sheet music so you are getting a feel for how to read guitar sheet music.
2. You are developing your play by ear skills which will be extremely helpful for you later when you are trying to learn the more advanced tunes.

So just remember, when you are looking for easy to learn guitar tunes don't go for just any old tune, pick a nice simple basic tune or riff to start with and build yourself up from there.

If you practice learning tunes each day you will be surprised at how quickly you pick it up.

Final tip: Start with easy to learn guitar tunes.
