The iPod nano is the same thickness as a #2 pencil. It holds up to three days' worth of music. It plays for up to 14 hours between battery charges.(1) It displays the color album art for the song you're listening to right now. It carries your photos, podcasts and audiobooks. It syncs seamlessly with iTunes. It connects to a host of iPod accessories. Simply put, iPod nano is 100-percent iPod. And then some.

Touch and Go iPod nano's Click Wheel puts music under your thumb. Click to fast-forward, rewind, play, pause or access menus. Use the touch-sensitive surface to control volume or browse music. You can do it all without looking. But with an iPod this beautiful, who'd want to?
