Printer users will know how expensive it is to buy new printer cartridges for your ink jet printer. The best way to save money is to buy cheap ink jet cartridges. Finding cheap ink jet cartridges can be easy if you know where to look for. There are mainly two ways of buying printer cartridges - shop online or from the retail store.

The internet is the best place to buy cheap ink jet cartridges. Due to increase in demand for printer cartridges many printer suppliers find it profitable to sell their products online. The online dealers have their websites, which offer information on the various types of ink jet cartridges available for purchase. Most online sellers offer discounts, especially on bulk purchases. These are really useful for office set-ups. Shopping online gives you the option of comparing the prices offered by the different sellers and choose the cheapest discounted price. Visit three to four websites before placing your order.

But care has to be taken when you are buying online. Make sure that you buy from reputed online printer suppliers. Reputed dealers give guarantee on their products and service. Some even have replace faulty cartridges without any extra charge. Buying cheap ink jet cartridges online doesn't mean that you save only on the product. You can save on shipping and traveling expenses as well. Online dealers may have free shipping facilities, if you spend over a certain amount.

The other option of finding cheap ink jet cartridges may be your local retail computer supplies store. Though prices of ink jet cartridges at retail stores are considerably higher than those offered by the online stores, sometimes the retail stores may also offer discounted prices on their printer supplies. So you have to watch out for such deals and discounts offered by the retail store.
