**Article Body:**

On DiningFever, you will be able to access a list of restaurants offering various services in New York City, and much much more. DiningFever is a complete source for all your restaurant needs in New York. You can easily find a restaurant by clicking on the restaurant names' scroll list. The names of restaurants are arranged alphabetically to make your job easier. In addition, if you don't have a particular restaurant in mind but want a list of restaurants serving a particular type of cuisine such as Mediteranean, Italian, Mexican or Indian, simply search the cuisines section and find all the details of restaurants offering the type of cuisine that you would like to have.

The website also has a powerful keyword search feature, where you can enter any keyword you like. The results for your keyword will be displayed instantly. If you are interested in various deals offered by restaurants, then you should definitely visit the deals section. Here you will find a complete list of restaurants that feature discounts or other types of promotional offers. The name of the restaurant and type of cuisine it offers is also displayed. And if you want to keep track of the most recent offers, you can see them on the right hand side of the page. And you never have to worry about finding the restaurant you've selected, since the site includes the restaurant's address along with a map, so that you can find the restaurant easily. You can even check out the full menu of the restaurant before choosing it.

You can also browse the restaurants by restaurant category. For example, if you want to browse by fine dining, click on the upscale and fine

dining section. If you are interested only in casual dining, then you can search the casual dining section. How about going for a take-out or delivery option if you don't have enough time for a full dining out experience? You will find a complete list of restaurants that provide delivery service, as well as all of the restaurant's details.
