

Be My Wedding Guest: Dress Nicely...

The date of your friend's wedding is happily circled on your calendar and you have started to scout for that perfect outfit. However, you still have no idea what to wear.

The etiquette for the right wedding attire for a guest over 40 can be very different depending on the wedding's style. However, clues are available to help you make the right decision. An invitation that is formally crafted in an indication that the wedding you'll be attending will also be formal. An invite with casual wording will call for nice casual outfit. The invitation can also have direct instructions.

The location of the wedding is also a good basis. A dress that easily gets caught in the wind will not be appropriate for an outdoor wedding. High heels should be avoided, as these easily sink in the grass or in the sand. A breezy dress will help keep you cool in a hot location rather than a suit. A more dressy and tailored outfit can be used in a wedding held indoors such as a five-star restaurant and country club.
