

Aspen Nightlife - US Comedy Arts Festival

If you can visit Aspen in March, make sure that you catch the US Comedy Arts Festival that is held in various venues throughout Aspen. This is one of the major events for comedians all over the country - and it is some of the best entertainment you will ever experience.

The US Comedy Arts Festival features every type of comedy you can imagine, including Stand-up comedy, film shorts, alternative comedy, and sketch comedy. Tribute is given to some of the greatest comedians from the past, such as Rodney Dangerfield, Monty Python, and George Carlin. You will also have the opportunity to enjoy many of today's famous comedians, and hear some unknown or up and coming comedians as well.

Make sure that you don't miss this festival - and make sure that you make your plans and reservations very early. The lodges and hotels will fill up fast for this festival, and according to locals, this is the hardest time of the year to find lodging in Aspen - which is a good indication of how good the entertainment is!
