I am trying to find some blank templates for adding artwork to ebook, report, cd and DVD covers. The templates are old by today's standards but if you are just starting to learn Html then they are perfect for you. Website Templates.

Want to start your own membership website. If you build links to your website as explained in the eBook, your website will get the best possible rankings on Google and other search engines. The website sells an ebook that gives information about losing weight in a safe and natural manner. Turn Words Into Traffic How writing simple, free articles can open the "flood gates" to visitors, sales and money on your website. This website - eBook Authoring Services - is representative of the kind of site and business you can create for yourself. Even if you do not have your own website - you could make tons of money promoting other companies products by joining their affiliate programs. You'll place a unique link on your Website that directs customers to my Website.

You know you're selecting from only the best instant download digital ebook and software program products available today. All of our products are also available for instant download as an eBook. Easy Living Downloads is the best place to shop for world class instant download digital ebook information products.

Website is at www.softwebbook.com this is a website I bought but I want to build my own ebook website but I know nothing about how to do this .

So I am looking for some help to point me to some sites thanks all
