Fashion photography is ALWAYS in fashion. Although it is mainly dependent on commerce, fashion photography is now considered as an art. Unlike before where fashion photographers see the craft as a source of income, modern fashion photographers see themselves as artists who can invent and reinvent different photo shoot techniques and style.

BECOMING A FASHION PHOTOGRAPHER

If you are a budding photographer and has always been fascinated with fashion and photography, you may want to make fashion photography as an option.

Imagine yourself traveling the world and setting foot on exotic islands and historical sites, working and hanging out with famous, most creative, and talented people in the fashion industry, taking the photos of international super models to have them published in various fashion magazines, having your named renowned internationally, and to top it all, you are paid a huge sum of amount while enjoying these perks.

Today, where almost everybody can become a fashion photographer through the use

of reliable digital cameras, soft wares, and other photo editing gadgets, more and more people photo and fashion enthusiasts are into the lucrative business of fashion photography.

But, how do you break in? Here are some of the things you may want to consider:

- Make up your mind and decide if you really want to be in the business.
- Don't hesitate about potential clients and income because fashion photographers are always in demand.
- Choose where would you want to land on the business—either freelance, ones without an agent; freelance with an agent, employed by a retailer, employed by a publication either a magazine, a book publisher, a newspaper, and the like; employed by an established fashion house, employed by an advertising company, employed by a fashion or clothes manufacturer, employed by a direct-mail company or you would want to open up your own studio and get clients on your own.

FASHION PHOTOGRAPHY CHECKLIST

So, you really want to become a fashion designer? After deciding what you really want to do and where would you want to land in the gigantic world of fashion industry, you should make a short reassessment of your skills, you work ethics and etiquette to become successful in the path you have chosen to take.

There is more to fashion, photography, and fashion photography than meets the eye. Bear in mind that the craft and the business are beyond the realms of taking good photos, models, clothes, and products. Also remember that being a fashion photographer is more than an average person who takes good pictures. Technical and artistic skills in photography are required. Additional skills in styling, natural knack for clothes, great artistic inclination in modeling and composition, and entrepreneurship spirit are also a must.

If you didn't make it in the fashion photography scene yet, consider some options and career paths like working periodicals, ad agencies, department stores, fashion houses, modeling agencies, retailers, catalogues, galleries and in stock photography agencies while waiting for that big break. Experiences in these fields can hone your innate skills and may open up doors to greater opportunities.
