Article Body:

Wells Fargo online banking offers many of the features you would expect a bank to offer. In addition to the ability to view your bank accounts, pay your bills, and keep up-to-date with your loan payments, Wells Fargo online banking offers customers something even more important: convenience.

That's because when you choose to go the Wells Fargo online banking route, you no longer have to spend your lunch hour doing your banking. You can sit right at your desk or anywhere you have Internet access and find out everything you need to know about your money. And you can find it out regardless of the hour or the time zone you're in.

Need to make a mortgage payment but don't have your coupon book? No problem. Away on vacation and had a little too much fun and now you need to transfer some money from your savings account over to your checking account? That's no problem either! Want to calculate loan payments or trade stocks and bonds? Once again, when you're set up with Wells Fargo online banking, you can do almost anything you would normally do in person. You can even order new checks and get stock quotes. In addition to consumer and business finances, Wells Fargo also provides investments and insurance.

Running a business is hard, but your business banking doesn't have to be. If you

have your business banking set up with Wells Fargo, you'll be happy to know that the same activities and monitoring capabilities are available for business customers.

If you haven't already signed up, you're missing out on an incredible opportunity. Anyone who has an account can start taking advantage of the many Wells Fargo online banking features right now. There's no cost to enroll in this program and you need not worry about security either. The Wells Fargo online banking site is secure and you can confirm this by looking for the yellow security padlock on the bottom of the screen.
